Step 3: Audit Information

Audit Information

General information regarding this audit are as follows. See instructions below for more details and instructions.

License Type:	Optometrist	Period	01/01/2020 - 12/31/2022
Ref #	OD2730-24161-362	Status	In Progress
Hours	2 hours of continuing education credit on best practices in prescribing opioids and controlled substances are required.		

Instructions

MS 214.12 subd. 6 provides that beginning January 1, 2020, all health care licensees who have authority to prescribe controlled substances must obtain two (2) hours of continuing education credits at the time of license renewal. The continuing education credits must include content on:

1. best practices in prescribing opioids and controlled substances;
2. non-pharmacological treatment of pain and ongoing pain; and
3. implantable device alternatives for treatment of pain and ongoing pain management.

You are exempt from completing this requirement if you:

1. do not hold DEA registration, or
2. participate in the Department of Human Services Opioid Prescribing Improvement Program (OPIP). You are considered a participant if you have prescribed opioids for outpatient pain management to a Minnesota Health Care Programs (MHCP) member in the current or the last calendar year AND received an opioid prescriber report from DHS in the last calendar year. An MHCP member is someone with Minnesota Medicaid or MinnesotaCare insurance.

If you prescribed an opioid for pain to an MHCP member and you did not receive a report, contact DHS at dhs.opioid@state.mn.us. For questions about the report please contact dhs.opioid@state.mn.us or call 651-431-4173.

- If applicable, you are required to complete the continuing education at least once by January 1, 2023.
- Verify compliance with the required education by responding to questions located within your Minnesota Board of Optometry online account and uploading the certificate of completion with the course objectives to the Board.
- The Opioid automated system allows you to respond and upload documents at any time throughout the year. .
- Verification of course completion (certificate of completion and course objectives) should be uploaded into the system. Once board staff have reviewed and accepted the documentation; the "Opioid" requirement will be removed from your profile page.
- Coursework must be completed between January 1, 2020 and November 30, 2022.

You may access the statute at <https://www.revisor.mn.gov/statutes/cite/214.12>. Minnesota Statute 214.12 Subdivision 6 will expire on January 1, 2023.

Step 4: Exemption questions

Note: your responses may be different, and you may not be required to submit documentation.

? Exemption

Respond to the following question(s) to determine if you are exempt from completing this requirement:

1. **Do you hold DEA registration?**

Yes

2. **Do you participate in the Department of Human Services (DHS) opioid prescribing improvement program as a Medicaid provider?**

No

You participate in the DHS Opioid Prescribing Improvement Program if both of the following apply:

- You prescribed opioids for outpatient pain management to a Minnesota Health Care Programs (MHCP) member in the current or the last calendar year. An MHCP member is someone with Minnesota Medicaid or MinnesotaCare insurance, AND
- You received an opioid prescriber report from DHS in the last calendar year.

If you prescribed an opioid for pain to an MHCP member and you did not receive a report, contact DHS at dhs.opioid@state.mn.us. For questions please contact dhs.opioid@state.mn.us or call 651-431-4173.
